

10005003

The image shows a technical drawing of a cylindrical component, likely a part of a machine. It features a central hole and a flange at one end. The drawing is a perspective view, showing the cylindrical body and the flange. The part is labeled with the number 10005003.

ER-Spannzangen

10005003

The image shows a technical drawing of a cylindrical component, likely a part of a machine. It features a central hole and a flange at one end. The drawing is a perspective view, showing the cylindrical body and the flange. The part is labeled with the number 10005003.

ER-Spannzangen

10005003

A technical drawing of a cylindrical component, likely a bush or sleeve. It features a central longitudinal hole and a flange at one end. The drawing is a perspective view showing the internal structure and the flange's profile.

ER-Spannzangen

10005003

A technical line drawing of a cylindrical mechanical part. It features a hexagonal base with six flat sides. A flange or collar is located near the top of the cylinder. The drawing uses perspective, showing the top and side of the part.

ER-Spannzangen

10005003

A technical line drawing of a cylindrical mechanical part. It features a flange on the left end and a series of internal longitudinal slots or vanes. The drawing is shown in a perspective view.

ER-Spannzangen

10005003

The image shows a technical drawing of a cylindrical component, likely a part of a machine. It features a central hole and a flange at one end. The drawing is a perspective view, showing the cylindrical body and the flange. The part is labeled with the number 10005003.

ER-Spannzangen

10005003

A technical line drawing of a cylindrical component. It features a central longitudinal hole and a flange at one end. The flange has a series of radial slots or grooves. The drawing is shown in a perspective view.

ER-Spannzangen

10005003

ER-Spannzangen

10005003

A technical drawing of a cylindrical component, likely a part of a machine. It features a central hole and a flange at one end. The drawing is a perspective view showing the top and side of the cylinder. The flange has a series of radial slots or grooves. The central hole is circular and passes through the length of the cylinder.

ER-Spannzangen

10005003

The image shows a technical drawing of a cylindrical component, likely a part of a machine. It features a central hole and a flange at one end. The drawing is a perspective view, showing the cylindrical body and the flange. The part is labeled with the number 10005003.

ER-Spannzangen

10005003

A technical drawing of a cylindrical component, likely a bush or sleeve. It features a central longitudinal hole and a flange at one end. The drawing is a perspective view showing the internal structure and the flange's profile.

ER-Spannzangen

10005003

A technical drawing of a cylindrical component, likely a bush or sleeve. It features a central longitudinal hole and a flange at one end. The drawing is a perspective view showing the internal structure and the flange's profile.

ER-Spannzangen

10005003

A technical drawing of a cylindrical component, likely a bush or sleeve. It features a central longitudinal hole and a flange at one end. The drawing is a perspective view showing the internal structure and the flange's profile.
