

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt head is shown in a perspective view, and the nut is shown in a side view.

WFB 32-20

WFB 32-20

Technical drawing of a 1/2 inch NPT female plug. The drawing shows a cylindrical component with a 1/2 inch diameter face and a 1/2 inch NPT thread. The face is labeled "1/2\"/>

WFB 32-20

WFB 32-20

A technical line drawing showing a bolt head and a nut. The bolt head is on the left, featuring a hexagonal base and a circular top surface with concentric circles indicating its profile. To the right of the bolt head is a hexagonal nut, shown from a side perspective.

WFB 32-20

WFB 32-20

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt head is shown in a perspective view, and the nut is shown in a side view.

WFB 32-20

A technical drawing showing a shaft-hub assembly. The view is a circular end view of the hub, which has a central hole for the shaft. The shaft is shown as a cylindrical rod passing through the center of the hub. The hub has a flange or rim on the left side. The drawing is a line drawing with no shading.

WFB 32-20

WFB 32-20

A technical drawing of a 1/2 inch NPT female plug with a 1.5 inch diameter flange. The drawing shows a side view of the plug, which has a cylindrical body with a threaded section and a flange at the end. The flange has a diameter of 1.5 inches. The plug is shown in a perspective view, highlighting its three-dimensional shape.

WFB 32-20

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt head is shown in a perspective view, and the nut is shown in a side view.

WFB 32-20

A technical drawing showing a shaft-hub assembly. The view is a circular end view of the hub, which has a central hole for the shaft. The shaft is shown as a cylinder passing through the center of the hub. The hub has a flange on the left side and a smaller section on the right side.

WFB 32-20

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt head is shown in a perspective view, and the nut is shown in a side view.
