

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The drawing shows a cylindrical body with a hexagonal nut on one end and a male thread on the other. The nut has a central hole with a cross-shaped pattern. The male thread is shown with a standard NPT profile. The drawing is a perspective view, showing the top and side of the adapter.

HSK 40

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The drawing shows a cylindrical body with a hexagonal nut on one end and a male thread on the other. The nut has a central hole with a cross-hatch pattern. The male thread is shown with a standard NPT profile. The drawing is a perspective view, showing the top and side of the adapter.

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The drawing shows a cylindrical body with a hexagonal nut on one end and a male thread on the other. The nut has a central hole with a cross-shaped pattern. The male thread is shown with a standard NPT profile. The drawing is a perspective view, showing the top and side of the adapter.

HSK 40

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The drawing shows a cylindrical body with a hexagonal nut on the left end and a male NPT thread on the right end. The hexagonal nut has a central hole with internal threads. The body has a flange with a central hole and two side holes. The male NPT thread is shown with a standard 1/2 inch NPT profile.

HSK 40

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The drawing shows a cylindrical body with a hexagonal nut on one end and a male thread on the other. The nut has a central hole with a cross pattern. The male thread is shown with a standard NPT profile. The drawing is a perspective view, showing the top and side of the adapter.

HSK 40

Technical drawing of a mechanical component, likely a pump or valve assembly. The drawing shows a cross-section of the component, revealing internal features such as a central shaft, a piston or plunger, and a valve mechanism. The component is cylindrical with a flange at one end and a smaller, more complex assembly at the other. The drawing is a line drawing with no shading.
