

A technical line drawing of a 1/2 inch pneumatic cylinder. The cylinder has a long, horizontal body with a mounting bracket in the middle. At the right end, there is a 1/4 inch NPT port. The drawing is a perspective view showing the front and side of the cylinder.

The image shows a technical drawing of a hydraulic cylinder with a 90-degree elbow. It includes a side view and a cross-section view. The side view shows the cylinder's profile, with a mounting bracket on the side and a 90-degree elbow at the end. The cross-section view shows the internal components, including the piston rod, piston, and cylinder bore. The drawing is labeled with 'A' and 'B' to indicate different views or sections.
