

A technical line drawing of a 3D-printed mechanical component. It features a cylindrical main body with a central shaft extending from the left. A lever arm is attached to the shaft, ending in a rounded tip. The body has several mounting points, including a small circular feature on the left and a larger, more complex structure on the right. The drawing is a perspective view, showing the top and side of the component.

HSK 63

A technical line drawing of a 3D-printed mechanical component, viewed from the side. The component features a long, horizontal arm extending from a circular base. The arm has a small, rounded end. The base is cylindrical and has several mounting points, including a small circular feature on the side and a larger, more complex structure at the rear. The drawing is a black and white line art, typical of technical specifications.
