MS16/MS22

A technical line drawing of a 3D-printed mechanical component. The part has a complex, multi-faceted geometry. It features several circular holes for screws or bolts: two on the top surface, one on the side, and a larger circular feature on the front. The drawing is a perspective view, showing the top, front, and side of the part.

MS16/MS22

MS16/MS22

Technical drawing of a 3D-printed part, likely a bracket or support structure. The drawing includes multiple views (top, front, side, and bottom) and dimensions. Key features include a central rectangular block with a circular hole, a smaller rectangular block on the right, and a larger rectangular block on the left. Dimensions are provided for various parts, including lengths, widths, and hole diameters.
