

10988256

A technical drawing of a cylindrical component, likely a bush or sleeve. It features a central longitudinal hole and a flange at one end. The drawing is a perspective view showing the internal structure and the flange's profile.

ER-Spannzange

10988256

A technical drawing of a cylindrical component, likely a bush or sleeve. It features a central longitudinal hole and a flange at one end. The drawing is a perspective view showing the internal structure and the flange's profile.

ER-Spannzange

10988256

A technical line drawing of a cylindrical mechanical part. It features a flange at one end with eight radial slots. A central hole runs through the length of the cylinder. The drawing is shown from an isometric perspective.

ER-Spannzange

10988256

A technical line drawing of a cylindrical component. It features a central longitudinal hole and a flange at one end. The flange has a series of radial slots or grooves. The drawing is shown in a perspective view.

10988256

A technical line drawing of a cylindrical mechanical part. It features a central longitudinal hole and a flange at one end. The flange has a series of radial slots or grooves. The drawing is shown in a perspective view.

ER-Spannzange

10988256

ER-Spannzange

10988256

A technical line drawing of a cylindrical metal component. It features a hexagonal flange at one end, with a central hole. The body of the cylinder has several longitudinal slots or grooves. The drawing is shown in a perspective view.

10988256

A technical line drawing of a cylindrical component. It features a central longitudinal hole and a flange at one end. The flange has a series of radial slots or grooves. The drawing is shown in a perspective view.

ER-Spannzange

10988256

A technical line drawing of a cylindrical mechanical part. It features a flange on the left end with eight radial slots. The main body has longitudinal grooves and internal structural details.
