

10773784

A technical line drawing of a cylindrical component. It features a hexagonal flange at one end with a central circular hole. The main body of the cylinder has several longitudinal slots or grooves. The drawing is shown in a perspective view.

ER-Spannzangen

10773784

ER-Spannzangen

10773784

A technical drawing of a cylindrical component, likely a bush or sleeve. It features a central longitudinal hole and a flange at one end. The drawing is a perspective view showing the internal structure and the flange's profile.

ER-Spannzangen

10773784

A technical line drawing of a cylindrical mechanical component. It features a flange at one end with a central hole and a series of radial slots. The main body of the cylinder has a central longitudinal hole and several smaller holes along its length.

ER-Spannzangen

10773784

A technical line drawing of a cylindrical mechanical part. It features a central longitudinal hole and a flange at one end. The flange has a series of radial slots or grooves. The drawing is shown in a perspective view.

ER-Spannzangen

10773784

A technical line drawing of a cylindrical mechanical part. It features a hexagonal base with six mounting holes. The main body is cylindrical with a flange at the top. There are several longitudinal slots or grooves on the side of the cylinder. The drawing is shown in a perspective view.
