WFB 20-12

A technical line drawing of a bolt. It features a hexagonal head with a central circular hole. The head is connected to a cylindrical shank that has a threaded section at the end. The drawing is shown from a perspective view, highlighting the three-dimensional shape of the bolt.

WFB 20-12

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The bolt is oriented horizontally, with the head on the right and the shank extending to the left. The head has six flat sides and a central hole. The shank is cylindrical with a threaded section at the end.
