

WFB 20-12

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The adapter has a cylindrical body with a flange in the middle. One end has a female NPT thread, and the other end has a male NPT thread. The drawing is shown from an isometric perspective.

WFB 20-12

WFB 20-12

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The adapter consists of a central body with a female NPT thread on one end and a male NPT thread on the other. A hexagonal flange is located in the middle of the body, providing a mounting point for a wrench. The drawing is shown from an isometric perspective.

WFB 20-12

WFB 20-12

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The drawing shows a cylindrical body with a female NPT thread on one end and a male NPT thread on the other. A central bore runs through the length of the adapter. The drawing is oriented diagonally.

WFB 20-12

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The drawing shows a cylindrical body with a female NPT thread on the left end and a male NPT thread on the right end. A central longitudinal hole runs through the entire length of the adapter. The drawing is oriented diagonally.

WFB 20-12

A technical line drawing of a 1/2 inch NPT female to 1/2 inch NPT male adapter. The adapter consists of a central body with a female NPT thread on one end and a male NPT thread on the other. A hexagonal flange is located in the middle of the body, and a small O-ring is visible on the side of the male thread section.
