

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole for a screwdriver. The shank is cylindrical with a threaded section at the end.

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole. The shank is cylindrical with a threaded section at the end. The drawing is a line drawing with no shading.

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole for a screwdriver. The shank is cylindrical with a threaded section at the end.

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal, and the shank is cylindrical with a threaded section at the end.

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole. The shank is cylindrical with a threaded section at the end. The drawing is labeled with '1' and '2'.

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole. The shank is cylindrical with a threaded section at the end. The drawing is a line drawing with no shading.

WFB 32-20

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole. The shank is cylindrical with a threaded section at the end. The drawing is labeled with 'a)' and 'b)' at the bottom left and right respectively.

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole. The shank is cylindrical with a threaded section at the end. The drawing is a line drawing with no shading.

WFB 32-20

WFB 32-20

A technical line drawing of a bolt. It features a hexagonal head at the top, a cylindrical shank in the middle, and a threaded section at the bottom. The drawing is oriented horizontally.

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole for a screwdriver. The shank is cylindrical with a threaded section at the end.

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole. The shank is cylindrical with a threaded section at the end.

WFB 32-20

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole for a screwdriver. The shank is cylindrical with a threaded section at the end.

WFB 32-20

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, showing the bolt from an angle. The head is hexagonal with a central hole. The shank is cylindrical with a threaded section at the end.
