WFB 32-20

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt head is shown in a perspective view, and the nut is shown in a side view.

WFB 32-20

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt head is shown in a perspective view, and the nut is shown in a side view.

WFB 32-20

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt head is shown in a perspective view, and the nut is shown in a side view.

WFB 32-20

A technical line drawing of a ball valve handle. It features a circular disc with concentric circles in the center, mounted on a cylindrical shaft. The drawing is shown from an isometric perspective.

WFB 32-20

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt head is shown in a perspective view, and the nut is shown in a side view.

WFB 32-20

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt is shown passing through the nut.

WFB 32-20

A technical drawing of a bolt head and nut assembly. The bolt head is a hexagonal shape with a central circular hole. The nut is a hexagonal shape with a central circular hole. The bolt head is shown in a perspective view, and the nut is shown in a side view.
