

VDI 30

A technical drawing of a square nut. It features a square body with a hexagonal hole in the center. One side of the nut is threaded, and a bolt is shown passing through the hole and the threads.

VDI 30

VDI 30

A technical drawing of a square block with a central hole. A threaded rod is shown passing through the hole, with the threads visible on the right side of the block.

VDI 30

VDI 30

A technical drawing of a square nut. It features a square body with a hexagonal hole in the center. A threaded pin is inserted into the nut, with its hexagonal head visible on the right side.

VDI 30

A technical drawing of a square plate with a central circular hole. A threaded rod is shown passing through the hole, with a hexagonal nut on the right side. The drawing is a perspective view showing the top, front, and right sides of the plate.

VDI 30

A technical drawing of a square nut. It is a square block with a hexagonal hole in the center. The hole has a small circular feature in its middle. One side of the nut is threaded, showing a series of ridges.
