

VDI 20

A technical drawing of a 1/2 inch NPT female connector. It features a cylindrical body with a flange on the left side. The flange has two circular ports and two small circular features. The main body has a threaded section on the right side, which is a 1/2 inch NPT male plug.

VDI 20

Technical drawing of a 3/4 inch NPT female plug with a 1/2 inch NPT male thread on the side.

VDI 20

A technical drawing of a 3/4 inch NPT female plug. The plug has a cylindrical body with a threaded section on the right side. A 1/2 inch NPT male plug is inserted into the female plug, with its threaded section visible on the right. The drawing shows the internal threads of the female plug and the external threads of the male plug.

VDI 20

VDI 20

Technical drawing of a 1/2 inch NPT female plug. The plug has a cylindrical body with a threaded end. The front face features three small circular holes arranged in a triangular pattern, with a larger central hole. The drawing is a line art representation.

VDI 20

VDI 20

A technical drawing of a plug. The plug has a cylindrical body with a hexagonal section in the middle. The front face (left) has two small circular holes and a larger central circular hole. The top face of the hexagonal section has two small circular holes. The rear face (right) has a threaded section with a hexagonal base and a tapered, fluted end.

VDI 20

Technical drawing of a 1/2 inch NPT female plug with a 1/2 inch NPT male thread on the side.

VDI 20

Technical drawing of a 3/4 inch NPT female plug with a 1/2 inch NPT male thread on the side.

VDI 20

A technical drawing of a 3/4 inch NPT female plug. The plug has a cylindrical body with a hexagonal base. The front face features two small circular ports and a larger central circular port. The side of the plug has three small circular ports. A 1/2 inch NPT male plug is inserted into the central port of the female plug. The male plug has a threaded body and a hexagonal base.

VDI 20

A technical drawing of a plug. The plug has a cylindrical body with a threaded section on one end. The threaded section is labeled '1/2" NPT' and '11.5mm'. The other end of the plug is labeled '3/4" NPT' and '19.0mm'. The plug is shown in a perspective view.

VDI 20

A technical drawing of a plug. The plug has a cylindrical body with a threaded section on the right side. The left end of the plug is flat and features three small circular holes arranged in a triangular pattern. The right end of the plug is threaded with a standard NPT (National Pipe Thread) pattern.
