

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, highlighting the hexagonal shape of the head and the parallel threads on the shank.

VDI 40

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, highlighting the bolt's geometry and thread pattern.

VDI 40

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, highlighting the bolt's geometry and thread pattern.

VDI 40

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, highlighting the bolt's geometry and thread pattern.

VDI 40

A technical line drawing of a bolt. It features a hexagonal head with a central circular hole. The head is connected to a cylindrical shank that has a threaded section at the end. The drawing is a perspective view, showing the three-dimensional shape of the bolt.

VDI 40

A technical line drawing of a bolt. It features a hexagonal head with a central circular hole. The head is connected to a cylindrical shank that has a threaded section at the end. The drawing is a perspective view, showing the three-dimensional shape of the bolt.

VDI 40

A technical line drawing of a bolt. It features a hexagonal head on the left and a threaded shank extending to the right. The drawing is a perspective view, showing the top and side surfaces of the hex head and the threads on the shank.

VDI 40

A technical drawing of a bolt, showing a hexagonal head and a threaded shank. The drawing is a perspective view, highlighting the bolt's geometry and thread pattern.
