

Rundprisma

Rundprisma

A technical line drawing of a mechanical component, possibly a pump or motor housing. It features a cylindrical body with a flange on the left side, secured by four bolts. A mounting bracket is attached to the right side, and a shaft or pipe extends from the right end. The drawing is a perspective view showing the top and side surfaces.

Rundprisma

Rundprisma

Technical drawing of a mechanical component, likely a pump or motor housing, showing a side view with a flange and a mounting bracket.

Rundprisma

A technical line drawing of a mechanical assembly. It features a cylindrical motor housing with a flange on the left side. A gear is mounted on the front of the motor. To the right of the motor, there is a bracket or support structure with a curved arm. The drawing is a perspective view showing the front and side of the assembly.

Rundprisma

Rundprisma

Rundprisma

A technical line drawing of a mechanical component, possibly a pump or motor housing. The drawing shows a side view of a rectangular block with a circular flange on the left side. The flange has a series of small holes around its perimeter. A mounting bracket or arm is attached to the right side of the block, featuring a curved shape and a series of horizontal lines, possibly indicating a threaded section or a specific material finish. The drawing is a black and white line art, typical of technical manuals.
