WFB 32-20

A technical drawing of a pulley. It features a large circular wheel with a central hole for a shaft. The wheel has a series of concentric circles representing its profile. A shaft is shown passing through the center of the wheel, with a small circular feature on the shaft near the wheel's hub.

WFB 32-20

A technical drawing of a pulley. It features a circular body with a central hole for a shaft. The body has a flange on one side and a smaller circular feature on the other. The drawing is a line art representation.

WFB 32-20

A technical drawing of a pulley. It features a central circular hole for a shaft, surrounded by a thick, flat flange. The flange has a slightly raised outer rim. A small, rectangular feature is visible on the side of the flange, possibly a mounting point or a keyway.
