

A technical drawing of a pulley. It features a large circular wheel with a central hole for a shaft. The wheel has a flange on one side and a threaded shaft extending from the center. The drawing is a line art representation showing the geometry of the pulley.

WFB 32-20

A technical drawing of a pulley. It features a circular flange with a central hole for a shaft. The flange has a slightly raised rim. A central shaft hole is shown with a small diameter. The drawing is a perspective view, showing the front and side of the pulley.

WFB 32-20

A technical drawing of a pulley, showing a circular disc with a central hole for a shaft. The drawing includes a side view showing the flange and a cross-section view showing the internal structure and the shaft hole.

WFB 32-20

WFB 32-20

A technical drawing of a pulley. It features a circular body with a central hole for a shaft. The body has a flange on one side and a central hub. The drawing is a perspective view showing the top and side of the pulley.

WFB 32-20

A technical drawing of a pulley. It features a circular flange with a central hole for a shaft. The drawing is a perspective view showing the top and side of the pulley.

WFB 32-20

A technical drawing of a pulley. It features a circular body with a central hole, a flange on one side, and a shaft with a keyway passing through the center.

WFB 32-20

A technical drawing of a pulley. It features a large circular wheel with a central hole for a shaft. The shaft has a threaded section on the right side. The drawing is a perspective view showing the front face and the side of the pulley.

WFB 32-20

A technical drawing of a pulley. It features a circular flange with a central hole for a shaft. The flange has a slightly raised rim. A central shaft is shown passing through the hole, with a nut and washer visible on the opposite side of the flange.

WFB 32-20

A technical drawing of a pulley. It features a central shaft hole, a flange with a V-shaped groove, and a mounting bracket with a screw hole.

WFB 32-20

WFB 32-20

A technical drawing of a pulley. It features a large circular wheel with a central hole for a shaft. The shaft has a threaded section on the right side. The drawing is a perspective view showing the front face and the side of the pulley.

WFB 32-20

A technical drawing of a pulley. It features a central shaft hole, a flange with a V-shaped groove on its outer rim, and a mounting bracket on the side.
