[illegible]

WFB 32-20

A technical line drawing of a mechanical component, possibly a shaft or a pin. It features a central shaft with a flange or disc-like structure in the middle. The right end of the shaft is threaded, and there is a small, rectangular feature on the flange.

WFB 32-20

WFB 32-20

A technical line drawing of a shaft-hub assembly. The shaft has a conical end on the left, a central section with a keyway, and a threaded section on the right. The hub has a central bore with a keyway and a flange on the right side.

WFB 32-20

WFB 32-20

WFB 32-20

A technical drawing of a shaft-hub assembly. The shaft is a long cylinder with a conical section at one end. The hub is a flange-like component with a central bore that has a conical inner surface matching the shaft's conical section. The drawing shows the assembly from a perspective view, highlighting the fit between the shaft and the hub.
