INDEX

directional valve

技术特点

Design structure	Piston slide
Type of actuation	electrical
Sealing principle	soft
Exhaust-air function	not throttleable
Manual override	detenting
Type of reset	mechanical spring
Air purity class at output	Compressed air in accordance with ISO8573-1:2010 [7:4:4] • Inert gases
Operating pressure	
Pneumatic connection, port 3	
Type of piloting	Piloted
