

Cable

Technical data

|                            |                        |
|----------------------------|------------------------|
| Electrical assemblies      | Electr. assembly lines |
| Length                     | 2500 Millimeter        |
| Cross-section              | 0.25 Square millimeter |
| Number of wires/poles (ST) | 3 Piece                |
| Current                    | 4 Ampere               |
| Voltage                    | 24 Volt • 60 Volt      |
| Voltage type               | AC~ • DC=              |
| Plug connection/type       | M8 • M12               |
| Outer diameter (mm)        | 4.1 Millimeter         |
|                            | YE - yellow            |
| Protection class           | IP67                   |
| Shield                     | no - unshielded        |
| Insulating material        | PUR                    |
